

PHARMACISTS COUNCIL OF ZIMBABWE

PHARMACY TRAINING INSTITUTION INSPECTION FORM

1. Name of Institution.....

2. Location of Institution.....

3. Type of training programme.....

4. Reason for Inspection

a) Initial	
b) Follow up	
c) Routine report	
d) Other (specify)	

5. Date of last inspection.....

6. Date of Visit.....

7. Length of visit

8. Total Hours of Pharmacy Training.....

9. Training institution contact person(s)' details

Name	Qualifications	Contact details

10. Institution's registration Status

Registered	
Not registered	X

11. Number of Students

	Number	Females	Males
Proposed			
Actual			
Approved			

12. Programme Entry Qualifications

.....

.....

.....

.....

.....

13. Teaching staff

NAME	Title	QUALIFICATIONS	COURSES TAUGHT	PCZ Registration Status if applicable

18. Teaching and Library Facilities

	Ideal Number	Actual	FOR OFFICIAL USE ONLY
			Comments
Lecture rooms			
Lecture rooms ventilation and lighting	n/a	n/a	
Lecture theatres			
Lecture theatre ventilation and lighting	n/a	n/a	
Laboratories			
Laboratories ventilation and lighting	n/a	n/a	
Desks			
Chairs			
Storerooms			
Lecturer's offices			
Technical staff offices			
Library			
Library ventilation and lighting	n/a	n/a	
Library reading space			
Library computer			

equipment			
Availability of relevant reference material			
Subscription to on-line journals			
Subscription to journals-hard copies			
Mock Pharmacy			
First Aid Box			
Safety and Health Signs			
Hand washing basins			

19. Teaching equipment

	Ideal Number	Actual Number	FOR OFFICIAL USE ONLY
			Comments
Records of Machinery and Equipment			
Machinery and Equipment labeling			
Standard Operating procedures for all machinery and equipment			
Overhead projectors			
Computers			
Slide projectors			
Digital projectors			
Steam to water tubular heat exchanger			
Film and drop-wise condense ... unit			
Water cooling tower			
Thermal conductivity of liquid and gases unit			
Fluid mixing apparatus			

Solid liquid extraction unit			
Double effect evaporator			
Plate and frame filters press			
Batch plate and packed distillation column			
Liquid extraction unit			
Flocculation apparatus			
Sedimentation apparatus			
Model sedimentation tank			
Packed Gas absorption column			
Plate heat exchanger			
Process module			
Flow and level control module			
Flow control accessories			
81A series turbine Flow-meter			
Model 760 C single station micro-controllers (flow and level measuring loops)			
Vies control valves (3")			
Viscometer			
M series pressure gauges (0-2 bar)			
821 GM series pressure			

transmitters			
pH control accessory			
Laminar Flow			
Laminar Flow cabinet			
Laminar flow analysis table			
Losses in bends apparatus			
Filtration equipment			
Friability Testing Machine			
Bomb Calorimeter			
High Performance Liquid Chromatography (HPLC)			
Fermentation kit			
UV-VIS Spectrometer			
Mass Spectrometer			
Tablet making machine			
Capsule manufacturing machine			
Dissolution testing machine			
Capillary gas chromatography			
Lyophilization pressure gauges			
Vial washer			
Analytical Scales			
Balances			
Tensiometer			
Analytical Balances			
Hardness Tester			
Calipers			
Moisture Analyser			
Granulator			

23.3 Attachments.....

24. Premises [FOR OFFICIAL USE ONLY]

24.1 General Appearance

.....

24.2 Suitability

.....

25. Support services

	Service provider	[FOR OFFICIAL USE ONLY]
